

The Botanic Gardens Land Art Project

Artists Lucas Ihlein and Kim Williams invite you to join us to plant a legume crop for “The Beacon” at the Mackay Regional Botanic Gardens. Together with farmers, we will plant mixed legume seeds on the site to help fix nitrogen in the soil in preparation for the planting of sunflowers and sugarcane later this year.

This project celebrates innovations in farming practices. We acknowledge the traditional Aboriginal custodians of the site as well as the contribution of South Sea Islanders to the sugar cane industry.

Children and families are welcome!

Date: Saturday 24th February 2018

Time: 8am – 10am

Place: “The Beacon”, Mackay Regional Botanic Gardens (carpark and toilets nearby on Crowley's Road, off Alexandra St)

*The artists mark out site of “The Beacon” with pink line marking paint
